Grafting Best Practices

Roadmap to Successful Adoption

Leaders must imitate & adopt proven practices to raise performance, but many projects fail to meet expectations. SMG has developed a practical roadmap for successful best practice adoption.

3-Step Roadmap

- 1—Shape Mold the practice until it looks like it came naturally out of your area
- 2—Introduce Respectfully bring the practice to your team to speed/ease adoption
- 3—Motivate Bring accountability to daily behaviors for quick & long-lasting results

Implement our proven approach using our interactive 2-day training workshop.

Benefits: faster, broader adoption; lower resistance to change; deeper engagement; and measurable performance improvement.

Imagine how shaving months off each project could help your organization.
